NALLAGORLA SIVA GANESH

Full-Stack & Mobile Developer | React · React Native · JavaScript

+91 8185818665 | sivaganeshnallagorla@email.com | linkedin.com/in/nallagorla-siva-ganesh | github.com/NSG-LAB

PROFESSIONAL SUMMARY

Computer Science & IT student at KL University with hands-on experience building responsive web platforms and cross-platform mobile applications. Proficient in JavaScript, React, and React Native with a growing full-stack skill set. Passionate about solving practical problems through clean, maintainable code and delivering real-world impact.

EDUCATION

B.Tech – Computer Science & Information Technology *2024 – Present*
KL University Andhra Pradesh, India

- Relevant coursework: Data Structures, DBMS, Operating Systems, Web Technologies, Mobile App Development.

Intermediate (MPC) *Completed*
Narayana Junior College Tenali, Guntur

Secondary School (10th Grade) *Completed*
Narayana EM High School Tenali, Guntur

TECHNICAL SKILLS

Languages	JavaScript, Java, C
Frontend	React, HTML5, CSS3, Responsive Web Design
Mobile	React Native (cross-platform iOS & Android)
Backend / DB	REST APIs, MySQL
Tools	Git, GitHub, VS Code

PROJECTS

Rural Entrepreneurship Platform *2025*
Web Application

- Built a full-featured web platform connecting farmers with digital income opportunities, improving accessibility for rural communities.
- Implemented fully responsive frontend using React; ensured cross-device usability on mobile, tablet, and desktop.
- Integrated REST API layer for dynamic data exchange between frontend and backend services.

Custom Portfolio Website *2026*
Personal Project

- Designed and developed a clean, minimal portfolio to showcase video editing and development work.
- Focused on UX clarity: intuitive navigation, fast load times, and engaging project presentation.

CookMate Student *In Progress*
React Native Mobile App

- Developing a mobile cooking-guide app targeted at college students with limited kitchen experience.
- Features include step-by-step recipe walkthroughs, ingredient substitution suggestions, and a beginner-friendly UI.
- Built with React Native for a single codebase deployable on both iOS and Android.

OPEN SOURCE & GITHUB

- Actively maintains public repositories at github.com/NSG-LAB covering web and mobile projects.
- Uses Git workflows (branching, pull requests, version tagging) for structured project management.
- Deploys project demos using modern CI/CD and hosting workflows.

CORE STRENGTHS

- Strong analytical and problem-solving mindset — comfortable breaking down complex requirements.
- Fast learner who adapts quickly to new frameworks, tools, and technologies.
- Self-driven developer who builds real-world projects to deepen practical skills beyond coursework.
